

# Forklift Drum Inverter

Product Code: BMP021

## Manufactured in our Australian factory.

The BMP021 Forklift Drum Inverter is a useful tool for lifting and capsizing drums in your warehouse. Designed to safely lift 205 litre drums, Bremco's BMP021 can invert them at an angle of 90 degrees from either horizontal or vertical planes.

The easy-to-use slip on attachment provides a practicality that ensures the BMP021 suits most fork trucks, dependent on the rated load capacity. With a safe working load of 300kgs, the BMP021 Drum Inverter is fully constructed in steel and comes with a painted enamel finish in safety yellow.

We can also custom fabricate a forklift drum inverter for your specific requirements. Read more about how we can work with you to develop the ideal custom steel fabrication solution for your warehouse.

Keep your workplace safe and operating effectively with Bremco forklift attachments.
