

Panel Box Trolley

Product Code: BMP035

Made in our Australian Factory

The Bremco Panel Box Trolley is designed to safely transport and store any item in your warehouse. It is fabricated using sheet metal paneling and a half drop-down gate is featured to assist with loading and unloading.

The Panel Box Trolley is supplied with:

- A powder coated blue finish
- Drop down gate on one side
- Brake castor for safety

Contact the friendly Bremco team today for more information or to place an order. We can also custom manufacture warehouse trolleys to your specifications.

Specifications
