

A-Frame Trolley

Product Code: BMP096

Made in our Australian Factory.

Bremco's BMP096 A-Frame trolley is ideal for moving vertical style products such as plasterboard, glass, whiteboards and timber. The balanced design allows for the load to be centralised and ensures safe movement of product around the factory.

The units are supplied with 2 fixed, 1 swivel, 1 swivel brake castors. Ratchet strap support assembly and rubber matting can be added as optional extras.

We can also custom fabricate an a-frame trolley for your specific requirements. Read more about how we can work with you to develop the ideal custom steel fabrication solution for your warehouse.

Keep your workplace safe and operating effectively with Bremco warehouse products.
